The Quality Grocer

### Bryan Daily Eagle

By THE EAGLE PRINTING CO.

Entered at the Postoffice in Bryan, Texas, as second class matter.

#### Rates of Subscription.

One month	40c
Three months	1.00
One year	4.00

#### Advertising rates on application.

Subscribers will confer a favor on the management by telephoning the office promptly when carriers fail to deliver the paper, or when change of residence occurs.

Government paternalism is a fall—the average man the less he does for himself.

Through the indomitable courage and perseverance of Dr. Cook the United States has annexed the north pole. But there will be no rush for homes in this new territory.

The north pole was discovered and the American flag raised over it on the Jacinto day. This coincidence links the name of Dr. Cook with that of Sam Houston.

The Tyler Courier admits that outside of the business district there are not more than 300 yards of cement or other permanent sidewalks in that city. It is some consolation to know that Bryan is not the tailender.

In Southwest Texas some of the public schools have postponed the time of opening because of the mosquito pest. After awhile the patience of the people will be exhausted and the war for the extermination of the culex, the anopheles and the alegomyia will begin in earnest.

Canyon City has leaped into the spotlight by outbidding all competitors in the contest for the West Texas normal, including several much larger and wealthier towns. Another illustration that Patrick Henry gave expression to a great truth when he said: "The battle is not to the strong alone; it is to the active, the vigilant, the brave."

Says the Texas City Times: "The Bryan Eagle gives notice to its readers that President Taft will pass through that city on his way from Dallas to Houston. Perhaps he might be induced to stop long enough to accept one of those famous Bryan 'possums.'"

The people of Bryan will treat the President of the United States with due respect but they never make fools of themselves about any man.

The Fort Worth Star-Telegram never overlooks an opportunity to give the A. and M. College a boost of which this is a fair sample: "At A. and M. the tent row will be increased," according to official announcement. Meanwhile, applications for entrance have already exceeded last year's matriculation and some four weeks remain before the register closes. There is some reason for flood sufferers living in tents, but young men ambitious for firing line education should not be blue penciled out of the common comforts of life. Let Texas grow in technically trained young men."

#### GUESS-THOMAS.

Mr. Zack Guess formerly of this county but late of Alvin, and Mrs. Lucy Thomas of Cottonwood, were united in marriage at 3 o'clock yesterday afternoon at the home of the bride, Rev. E. A. Sample officiating.

Both of the contracting parties are well known citizens of the county and have many friends whom the Eagle joins in congratulations and best wishes.

Mr. Guess since leaving Brazos county has been merchandising at Alvin, but has lately sold out there and will again make this county his home.

#### OIL MILL READY.

The Bryan Oil Mill and Fertilizer Company will start up next Monday. Mr. J. Webb Howell, the manager informs the Eagle that every part of the plant from the top of the big stack to the bottom of the deep well has been overhauled and put in thorough repair.

New machinery has been put in and additions made, that make it one of the completest and most up-to-date oil mills in Texas.

#### COTTON RECEIPTS.

Cotton has been received by the various warehouses in Bryan to date as follows:

Lawrence Warehouse	2957
Farmers Union Warehouse	1040
Brick Warehouse	910

Total 4907  
New York opened this morning as follows:

November 12.47, December 12.51.  
Just before the close there was a sharp advance, November closing at 12.50-51, December 12.59-60.

The price paid in Bryan today was 12 1-8. Seed are still firm at \$20 a ton.

The editor of this department of the Eagle has been taken to task for some things that have appeared in these columns during his absence. In explanation he disclaims responsibility for several things that have been published in the editorial columns between August 12 and this date. There was nothing however important enough to demand special correction.

#### PUTTING IN NEW MILL.

The Hensarling Bros. are adding to their extensive feed and grain business an up-to-date milling plant. They have already gotten in the machinery and it is being put in place. The brick foundation for the engine has been completed, everything is in the house, and the plant will be ready for operation in a few days. They have purchased an elegant 15 horse power Alamo gasoline engine and a corn mill and will grind their own corn meal and chops. The addition of this milling plant, makes the business of Messrs. Hensarling Bros. one of the completest in the city.

Mr. and Mrs. J. L. Batte and children have returned from Marlin to Bryan and will again make this city their home. Their many friends are glad to have them back.

MR. GEORGE K. SIMS

Newly elected director of voice and instrumental music in the Bryan Baptist Academy. Mr. Sims will arrive tonight from Spokane, Washington, and will sing at the First Baptist church Sunday night. He will perhaps give a recital one night during next week.

#### SAFETY DEPOSIT BOXES INSTALLED.

The First National Bank has installed its new building in an especially constructed fire proof vault for that purpose, a system of safety deposit boxes. The boxes are arranged in a steel cabinet and each box has a double lock and can only be opened by unlocking one side with the owner's key and the other side with the "Master" key which fits all the boxes and which is kept by the bank. The doors to the boxes are made of very strong, thick steel and are burglar proof. There are different size boxes and the rental price depends upon the size of the box. Each box is numbered and no customer's key will unlock any except the one for which it was made. The safety deposit system is very convenient, and all customers can step in and examine their private papers during banking hours without disturbing any one.

#### THIS DATE IN HISTORY.

September 3.

1658—Oliver Cromwell died. Born April 25, 1599.

## These Patent Self-Sharpening Shears

FREE WITH A \$3.00 PURCHASE

SEPTEMBER IS A BUSY MONTH for thrifty housewives. Sewing is in full swing. That's why we selected Shears for our Souvenir.

#### THE QUALITY OF THESE SHEARS

is first-class and they are a wonderful improvement over the old fashioned shears. The Tension Spring device doubles their usefulness and does away with the need of re-sharpening. By simply tightening or loosening the Tension Screw the blades can be so adjusted as to cut anything from the thinnest fabric to heavy woolen. Furthermore a guarantee certificate goes with every pair, agreeing that "if this pair of shears BREAKS or in any way becomes defective within FIVE years from date of purchase, it will be replaced with a NEW pair without cost." The shears are regular full 8-inch size and will be appreciated by any woman.

#### HOW TO GET THE SHEARS FREE

We have bought 5 gross 720 pairs—of the shears and they are to be given away to the first 720 women who visit our store during this month. Provided your purchases amounts to \$3.00. These purchases need not be made the first day you call, but can be made at different times during the month. You simply save your cash checks until you have as much as \$3.00 worth and then turn them in TOGETHER WITH THIS CARD and get your Shears absolutely free.

Please don't get the impression that we are giving you these Shears to induce you to buy goods of us. It's not that. We depend upon the merit of our merchandise and our store service to sell you what you want. We don't want your money if you don't want the goods. That's ONE difference between this store and others.
